PLANNING BOARD & ZONING BOARD OF APPEALS

SOLAR SPECIAL USE PERMIT APPLICATION

NOTICE TO ALL APPLICANTS:

Pursuant to Chapter 130 of the Town Code, Zoning, the Town of Avon Zoning Board of Appeals and Planning Board reviews submitted solar applications for Special Use Permit and Site Plan review. The objective of the ZBA and PB is to process all applications in a timely and efficient manner, and in accordance with Town Code and New York State Law.

It is the responsibility of the applicant that all forms are filled out completely and accurately prior to the application being processed. All completed applications are subject to the rules and standards set forth by the Town of Avon and State statutes. The Building & Zoning Office does not guarantee any board approvals for completed applications.

SPECIAL USE PERMIT PROCEDURES

Permits for special uses, as defined in § 130-35, shall be issued only upon authorization by the Zoning Board of Appeals after review by the Planning Board, provided that such uses shall be found by the Zoning Board of Appeals to comply with the following general requirements and any other applicable requirements for certain special uses and activities as set forth in § 130-35 of the Town Code:

- 1) The use shall be so designed, located and proposed to be operated that the public health, safety, welfare and convenience will be protected.
- 2) The use will not cause substantial injury to the value of other property in the neighborhood in which it is to be located.
- 3) The use will be compatible with adjoining development and the proposed character of the zone district in which it is to be located.
- 4) Adequate landscaping and screening shall be provided as required herein.
- 5) Adequate off-street parking and loading shall be provided and ingress and egress shall be so designed as to cause minimum interference with traffic on abutting streets.
- 6) The use shall conform to all applicable regulations governing the district in which it is located, except as may otherwise be set forth elsewhere in § 130.

Applicants should address these items as part of the Special Use Permit application.

AGREEMENT TO PAY FEES FOR CONSULTANT SERVICES INCURRED BY THE TOWN OF AVON

When reviewing an application for, or when conducting inspections in relation to an application, the Town of Avon, New York may determine that the assistance of outside consultants is warranted due to the size, scale or complexity of a proposed project, because of a project's potential impacts, or because the Town lacks the necessary expertise to perform the work related to the application. Whenever possible, the Town of Avon, New York shall work cooperatively with the applicant to identify what scope of work shall require the employment of consultants. In the event that such sum is insufficient to fund the necessary consulting services, the Town of Avon, New York may require additional deposits.

Let it be understood and the property owner agrees that:

- 1. In hiring outside consultants, the Town of Avon, New York may engage registered design professionals, financial analysts, planners, lawyers or other appropriate professionals who can assist the Town in analyzing a project to ensure compliance with all relevant laws, bylaws, and regulations. Such assistance may include, but not be limited to, analyzing an application, monitoring or inspecting a project or site for compliance with the Town's decision or regulations, or inspecting a project during construction or implementation.
- 2. Funds received by the Town of Avon, New York pursuant to this section shall be deposited with the Code Enforcement Clerk who shall establish a line item for this purpose. Expenditures from this line item may be made at the direction of the Code Enforcement Clerk without further appropriation. Expenditures from this line item shall be made only for services rendered in connection with a specific project or projects for which a project review fee has been or will be collected from the property owner. Additionally, the failure of a property owner to pay any fee shall be grounds for denial of an application. Lastly, any outstanding fees incurred by the Town of Avon, New York shall be charged against the property, and shall constitute a lien thereon in favor of the municipality, and the amount of such costs shall be entered on the tax rolls as being due and payable. Such fees may also be recovered in any other lawful manner.
- 3. At the completion of the Town's review of a project, any excess amount in the line item attributable to a specific project shall be repaid to the property owner. A final report of said line item shall be made available to the property owner if requested.
- **4.** Any property owner may take an administrative appeal from the selection of the outside consultant to the Town Board. Such appeal must be made in writing and may be taken only within twenty (20) days after the Town has mailed or hand-delivered notice to the property owner of the selection. The grounds for such an appeal shall be limited to claims that the consultant selected has a conflict of interest or does not possess the minimum required qualification. The required time limit for action upon an application by the Town Board shall be extended by the duration of the administrative appeal. In the event that no decision is made by the Town Board within one month following the filing of the appeal, the selection made by the Town of Avon, New York shall stand.

I have examined this application and declare that is true, correct and complete upon submission. I understand that my application and all supporting documentation will be examined by the Town of Avon as an integral component of deliberations.

DISCLOSURE AFFIDAVIT (GML § 809)

The Applicant has read and is familiar with the provisions of the General Municipal Law, Section 809, which states:

- A. Every application, petition or request submitted for a variance, amendment, change of zoning approval of plat, exemption of plat or official map, license or permit, pursuant to the provisions of any ordinance, local law, rule or regulation constituting the zoning and planning regulations of a municipality shall state the name, residence and the nature and extent of the interest of any state officer or any officer or employee of such municipality or of a municipality or a part, in the person, partnership or association making such application, petition or request (hereinafter called the applicant) to the extent known to such applicant.
- **B.** For the purpose of this section of State law, an officer or employee shall be deemed to have an interest in the applicant when he, his spouse, or their brothers, sisters, parents, children, grandchildren, or the spouse of any of them:
 - 1. Is the applicant;
 - 2. Is an officer, director, partner or employee of the applicant;
 - 3. Legally or beneficially owns or controls stock of a corporate applicant or is a member of a partnership or association applicant; or
 - **4.** Is a party to an agreement with such an applicant, express or implied, whereby he may receive any payment or other benefit, whether or not for services rendered, dependent or contingent upon the favorable approval of such application, petition or request.
- **C.** Ownership of less than five per cent of the Stock of a corporation whose stock is listed on the New York or American Stock Exchanges shall not constitute an interest for the purposes of this section.
- **D.** A person who knowingly and intentionally violates this section shall be guilty of a misdemeanor.

If a Town of Avon officer, employee or relative of either as defined in the General Municipal Law, Section 809, has any interest in this application, the full particulars are provided on an attached sheet.

OWNER'S AGREEMENT TO CONTENTS OF APPLICATION

It is hereby understood that the contents of this entire application is hereby subscribed by the property
owner, all matters understood and agreed to, and is hereby affirmed by the owner as true under the
penalties for perjury.

Full Environmental Assessment Form Part 1 - Project and Setting

Instructions for Completing Part 1

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part 1 is accurate and complete.

A. Project and Applicant/Sponsor Information.

If to surface waters, identify receiving water bodies or wetlands:	
Will stormwater runoff flow to adjacent properties?	□ Yes □ No
<i>iv.</i> Does the proposed plan minimize impervious surfaces, use pervious materials or collect and re-use stormwater?	□ Yes □ No
f. Does the proposed action include, or will it use on-site, one or more sources of air emissions, including fuel	□ Yes □ No
combustion, waste incineration, or other processes or operations?	
If Yes, identify: i. Mobile sources during project operations (e.g., heavy equipment, fleet or delivery vehicles)	
i. Mobile sources during project operations (e.g., heavy equipment, neet of derivery vehicles)	
ii. Stationary sources during construction (e.g., power generation, structural heating, batch plant, crushers)	
iii. Stationary sources during operations (e.g., process emissions, large boilers, electric generation)	
g. Will any air emission sources named in D.2.f (above), require a NY State Air Registration, Air Facility Permit,	□ Yes □ No
or Federal Clean Air Act Title IV or Title V Permit?	165 110
If Yes:	
i. Is the project site located in an Air quality non-attainment area? (Area routinely or periodically fails to meet	\square Yes \square No
ambient air quality standards for all or some parts of the year)	
<i>ii.</i> In addition to emissions as calculated in the application, the project will generate:	
•Tons/year (short tons) of Carbon Dioxide (CO ₂)	
•Tons/year (short tons) of Nitrous Oxide (N ₂ O)	
•Tons/year (short tons) of Perfluorocarbons (PFCs)	
•Tons/year (short tons) of Sulfur Hexafluoride (SF ₆)	
•Tons/year (short tons) of Carbon Dioxide equivalent of Hydroflourocarbons (HFCs)	
• Tons/year (short tons) of Hazardous Air Pollutants (HAPs)	

h. Will the proposed action generate or emit methane (including, but not limited to, sewage treatment plants, landfills, composting facilities)? If Yes:				
i. Estimate methane generation in tons/year (metric):ii. Describe any methane capture, control or elimination me electricity, flaring):	asures included in project design (e.g., combustion to go	enerate heat or		
i. Will the proposed action result in the release of air polluta quarry or landfill operations? If Yes: Describe operations and nature of emissions (e.g., die action).		□ Yes □ No		
 j. Will the proposed action result in a substantial increase in new demand for transportation facilities or services? If Yes: i. When is the peak traffic expected (Check all that apply): □ Randomly between hours of	: □ Morning □ Evening □ Weekend	□ Yes □ No		
 iii. Parking spaces: Existing	g? sting roads, creation of new roads or change in existing available within ½ mile of the proposed site? ortation or accommodations for use of hybrid, electric	Yes No		
k. Will the proposed action (for commercial or industrial projects only) generate new or additional demand ☐ Yes ☐ No for energy? If Yes: i. Estimate annual electricity demand during operation of the proposed action: ii. Anticipated sources/suppliers of electricity for the project (e.g., on-site combustion, on-site renewable, via grid/local utility, or other): iii. Will the proposed action require a new, or an upgrade, to an existing substation? ☐ Yes ☐ No				
Hours of operation. Answer all items which apply. i. During Construction: Monday - Friday: Saturday: Sunday: Holidays:	 ii. During Operations: Monday - Friday:			

m. Will the proposed action produce noise that will exceed existing ambient noise levels during construction,	□ Yes □ No
operation, or both? If yes:	
i. Provide details including sources, time of day and duration:	
	
<i>ii.</i> Will the proposed action remove existing natural barriers that could act as a noise barrier or screen?	□ Yes □ No
Describe:	
n. Will the proposed action have outdoor lighting? If yes:	□ Yes □ No
i. Describe source(s), location(s), height of fixture(s), direction/aim, and proximity to nearest occupied structures:	
<i>ii.</i> Will proposed action remove existing natural barriers that could act as a light barrier or screen?	□ Yes □ No
Describe:	
o. Does the proposed action have the potential to produce odors for more than one hour per day?	□ Yes □ No
If Yes, describe possible sources, potential frequency and duration of odor emissions, and proximity to nearest	
occupied structures:	
p. Will the proposed action include any bulk storage of petroleum (combined capacity of over 1,100 gallons)	□ Yes □ No
or chemical products 185 gallons in above ground storage or any amount in underground storage?	
If Yes:	
i. Product(s) to be stored	
iii. Generally, describe the proposed storage facilities:	
q. Will the proposed action (commercial, industrial and recreational projects only) use pesticides (i.e., herbicides,	□ Yes □ No
insecticides) during construction or operation?	
If Yes:i. Describe proposed treatment(s):	
ii. Will the proposed action use Integrated Pest Management Practices?	□ Yes □ No
r. Will the proposed action (commercial or industrial projects only) involve or require the management or disposal	□ Yes □ No
of solid waste (excluding hazardous materials)? If Yes:	
<i>i.</i> Describe any solid waste(s) to be generated during construction or operation of the facility:	
• Construction: tons per (unit of time)	
• Operation : tons per (unit of time)	
ii. Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste:Construction:	
Construction.	
• Operation:	
iii. Proposed disposal methods/facilities for solid waste generated on-site:	
Construction:	
Operation:	

s. Does the proposed action include construction or modification of a solid waste management facility? Yes No If Yes: i. Type of management or handling of waste proposed for the site (e.g., recycling or transfer station, composting, landfill, or				
other disposal activities): ii. Anticipated rate of disposal/processing:				
ombustion/thermal treatm	ent. or			
reatment	on, or

v. Is the project site subject to an institutional control limiting property uses?	□ Yes □ No
 If yes, DEC site ID number: Describe the type of institutional control (e.g., deed restriction or easement): 	
 Describe the type of institutional control (e.g., deed restriction or easement): Describe any use limitations: 	
Describe any engineering controls:	
 Will the project affect the institutional or engineering controls in place? 	□ Yes □ No
Explain:	
E.2. Natural Resources On or Near Project Site	
a. What is the average depth to bedrock on the project site? feet	
b. Are there bedrock outcroppings on the project site?	□ Yes □ No
If Yes, what proportion of the site is comprised of bedrock outcroppings?%	
c. Predominant soil type(s) present on project site:	%
	% %
	%
d. What is the average depth to the water table on the project site? Average: feet	
e. Drainage status of project site soils: Well Drained: % of site	
□ Moderately Well Drained:% of site	
□ Poorly Drained% of site	
f. Approximate proportion of proposed action site with slopes: 0-10%: % of site	
□ 10-15%:% of site □ 15% or greater:% of site	
	D.V. D.N.
g. Are there any unique geologic features on the project site? If Yes, describe:	□ Yes □ No
1 200, 400011001	
h. Surface water features.	
i. Does any portion of the project site contain wetlands or other waterbodies (including streams, rivers,	□ Yes □ No
ponds or lakes)?	
ii. Do any wetlands or other waterbodies adjoin the project site?	\square Yes \square No
If Yes to either <i>i</i> or <i>ii</i> , continue. If No, skip to E.2.i.	
iii. Are any of the wetlands or waterbodies within or adjoining the project site regulated by any federal,	□ Yes □ No
state or local agency? iv. For each identified regulated wetland and waterbody on the project site, provide the following information	on.
• Streams: Name Classification	
 Lakes or Ponds: Name Classification 	
Wetlands: Name Approximate Size Wetland No. (if regulated by DEC)	e
• Wetland No. (if regulated by DEC)	□ Yes □ No
waterbodies?	- 1 c s - 1(0
If yes, name of impaired water body/bodies and basis for listing as impaired:	
i. Is the project site in a designated Floodway?	□ Yes □ No
j. Is the project site in the 100-year Floodplain?	□ Yes □ No
k. Is the project site in the 500-year Floodplain?	□ Yes □ No
1. Is the project site located over, or immediately adjoining, a primary, principal or sole source aquifer?	□ Yes □ No
If Yes: i. Name of aquifer:	
6. I value of aquitor.	

m. Identify the predominant wildlife species that occupy or use the project site:	
n. Does the project site contain a designated significant natural community? If Yes: i. Describe the habitat/community (composition, function, and basis for designation):	□ Yes □ No
ii. Source(s) of description or evaluation:	
iii. Extent of community/habitat:	
• Currently: acres	
Following completion of project as proposed: acres	
• Gain or loss (indicate + or -): acres	
 o. Does project site contain any species of plant or animal that is listed by the federal government or NYS as endangered or threatened, or does it contain any areas identified as habitat for an endangered or threatened spe If Yes: i. Species and listing (endangered or threatened): 	
p. Does the project site contain any species of plant or animal that is listed by NYS as rare, or as a species of special concern?	□ Yes □ No
If Yes: i. Species and listing:	
q. Is the project site or adjoining area currently used for hunting, trapping, fishing or shell fishing? If yes, give a brief description of how the proposed action may affect that use:	□ Yes □ No
E.3. Designated Public Resources On or Near Project Site	
a. Is the project site, or any portion of it, located in a designated agricultural district certified pursuant to Agriculture and Markets Law, Article 25-AA, Section 303 and 304? If Yes, provide county plus district name/number:	□ Yes □ No
 b. Are agricultural lands consisting of highly productive soils present? i. If Yes: acreage(s) on project site? ii. Source(s) of soil rating(s): 	□ Yes □ No
en en	
 c. Does the project site contain all or part of, or is it substantially contiguous to, a registered National Natural Landmark? If Yes: i. Nature of the natural landmark: □ Biological Community □ Geological Feature 	□ Yes □ No
ii. Provide brief description of landmark, including values behind designation and approximate size/extent:	
d. Is the project site located in or does it adjoin a state listed Critical Environmental Area? If Yes: i. CEA name:	□ Yes □ No
ii. Basis for designation: iii. Designating agency and date:	

e. Does the project site contain, or is it substantially contiguous to, a b which is listed on the National or State Register of Historic Places, of Office of Parks, Recreation and Historic Preservation to be eligible if Yes:	or that has been determined by the Commission	
i. Nature of historic/archaeological resource: Archaeological Site	☐ Historic Building or District	
ii. Name:		
f. Is the project site, or any portion of it, located in or adjacent to an a archaeological sites on the NY State Historic Preservation Office (S		□ Yes □ No
 g. Have additional archaeological or historic site(s) or resources been if Yes: i. Describe possible resource(s): ii. Basis for identification: 		□ Yes □ No
ii. Dasis for identification.		
h. Is the project site within fives miles of any officially designated and scenic or aesthetic resource? If Yes:	I publicly accessible federal, state, or local	□ Yes □ No
i. Identify resource:		
i. Identify resource:ii. Nature of, or basis for, designation (e.g., established highway over etc.):		scenic byway,
iii. Distance between project and resource:	miles.	
 i. Is the project site located within a designated river corridor under the Program 6 NYCRR 666? If Yes: 		□ Yes □ No
<i>i.</i> Identify the name of the river and its designation:		
ii. Is the activity consistent with development restrictions contained i	n 6NYCRR Part 666?	□ Yes □ No
F. Additional Information Attach any additional information which may be needed to clarify yo	our project.	
If you have identified any adverse impacts which could be associated measures which you propose to avoid or minimize them.	d with your proposal, please describe those in	npacts plus any
G. Verification I certify that the information provided is true to the best of my know	ledge.
