PUBLIC HEARING- ANNUAL BUDGET (cont.)

Upon a motion made by Trustee McCormick and seconded by Deputy Mayor Hoffmann, the public hearing was continued at 6:03pm. The motion was carried by the following vote:

Robert C Hayes, Mayor	Voting	Abstain
Amanda Hoffmann, Dep. Mayor	Voting	Yes
Tim Batzel, Trustee	Voting	Yes
Tom Cushing, Trustee	Voting	Yes
Patrick McCormick, Trustee	Voting	Yes

Mayor Hayes discussed the budget, highlighting that the budget does not override the tax cap this year. He explained reasoning for the proposed budget, explaining that lower revenues, increased insurance costs, increased retirement payments, and a lower tax assessment are all considered when creating, reviewing, and adopting the final budget. He stated that water and sewer rates will remain the same and the tax rate will increase to \$5.172692 per 1000. All general funds are healthy, along with the capital reserves funds.

Treasurer Quinlan noted the following items:

- 2024-2025 final budget revisions include the following:

The Water Fund Balance page (WAT25FB) and Sewer Fund Balance page (SF25FB) reflect the Income Survey project approved by the Village Board.

Mayor Hayes stated that it can be hard to be a new Board coming into the budget season late, however, feels confident that, with the current board's expertise, and Treasurer Quinlan's knowledge, efforts and willingness to meet and review with anyone who has questions during and after the budgetary process, the Village will continue to remain healthy and stable. The Mayor looks forward to being involved in the process next year with ideas of starting the process in early 2025 and holding workshops with department heads and the public.

TRUSTEE UPDATE:

Mayor Hayes asked members of the Board if they had any updates:

- ✚ Trustee Cushing let the Board know that he would be meeting at the Driving Park on 4/23 with the Parks Commission to review the happenings. Trustee Batzel noted that something needs to be done about the Horse Barn. It needs to be cleaned out and not used for any other purpose than the horses. He also feels that the insurance requirements should be looked at again and that there needs to be a better idea of what is going on there, especially if we are having more horse events. Supt. Farrell believes that a letter should be issued to the renters to clean up the barn, with specific expectations, and feels that there should be no more “verbalizations”. A letter is documentation.
- ✚ Deputy Mayor Hoffmann gave an update on the truck committee, stating that they continue to move forward. They are hoping to come to the Board to discuss the final specs in order to send out for bids. The bylaws are almost complete. They will need to be reviewed and will have to go through a public hearing for adoption by the Board as a replacement in the code for the current regulations. The department is also looking into starting a “Rams Program” for kids between the ages of 14-17 years old, hoping to encourage youth interest in the department and future recruitment.
